She should receive it, from the fact that her patriotic letters do not receive the reward in dollars and cents, which she could easily obtain for her labors, if she chose to change her plan, and write children's stories, or something of that sort. The very extracts from southern papers, which she is at much pains to procure, are deemed by the publishers of the Times, matter to be rejected from the columns for which they pay - and it seems as though these times, prevent
